

Sage Green

MAX GRIP™ NT GLOVE

Our version of a "flight glove."

Innovative, high-performance and durable.

Black

Desert Tan

KEY FEATURES

- Approved for Aviation and Combat Vehicle Crewmen (CVC)
- CTA 50-900 certified; NAVAIR approved
- Combat proven by Special Operations Aviation, US Marine Corps etc.
- Outlasts FRP2 Flyers Glove by 4-6 times in military applications (user comment)
- Mil-Spec N303 Nomex® fiber blend – 92% Nomex®, 5% Kevlar® and 3% P140 anti-static fiber
- Simplex knit style has a very tight knit construction to offer the best protection from flame, snags, runs and to some extent cuts (approx. 200 g)
- Digitally textured leather palm, fingers and knuckles provide durability and extra grip in all conditions of use
- Abrasion resistance treatment enhances durability of leather
- Perspiration/Moisture resistance: Tanning technology keeps leather soft and supple for the life of the glove even after repeated exposure to perspiration/moisture
- Concealed interior seam stitching using Para-aramid thread enhances durability especially around the vulnerable finger tips

APPLICATIONS

- Any combat mission that requires FR protection, highest dexterity and durability
- Aviation: Dexterity and Grip enable pilots as well as crew chiefs/gunners to perform any task and feel any button/switch while wearing gloves
- Over-water egress or SAR: gloves will not lose grip or fit when wet or submersed in water; gloves will stay soft after exposure to salt water
- Armored vehicles: provides the required dexterity and durability to tank/vehicle operators as well as gunners
- Shooting/handling any weapon, flash bangs, etc.

Dimensions 14 in x 5 in x 1.5 in (356 mm x 127 mm x 38 mm)

Weight 0.40 lbs (0.18 kg)

SIZING CHART

Place your hand so that your index finger is along the line, and the crook of your thumb meets the bottom of the line. Your proper size is measured knuckle to knuckle.

* All sizing gauges have limitations. For the best fit, try on a pair of our gloves.
